CAREERS:
**Who am I and where
am I going?**

I'm uncertain about
who I might become
and what's out
there for me

I've got some ideas
but I need to explore
more to decide
what's right for me

I understand myself well
and have a plan to put
into action

EMPLOYABILITY:
**What do I need
to get me there?**

I'm not aware
of what I have to offer,
or how my qualifications
are going to help
with my future

I'm beginning to understand
how my knowledge,
attributes, skills and
experience support my
future options and what
I might need to develop

I'm confident in identifying
what knowledge, attributes,
skills and experience
I have developed through
what I study and do,
articulating what is relevant

THE BIGGER PICTURE:
**What is the working world
I am going to enter?**

What does the working
world expect of me in the
Career of my choice?

How can information and
experiences help me
become successful and
employment-ready in the
Careers that interest me?

I can analyse and apply
relevant information to
achieve my Career choice
and be successful in it
